**Press Release: Star Receives Silver Infrastructure Award for South Fraser Perimeter Road**

On November 3, 2014 the Canadian Council for Public-Private Partnerships (CCPPP) announced the 2014 recipients of the National Awards for Innovation and Excellence in Public-Private Partnerships (P3s). As a member of Fraser Transportation Group, Star America received the Silver Infrastructure Award for their role in the South Fraser Perimeter Road project. "The Council's Awards Program has become increasingly competitive, which really speaks volumes about the caliber of the projects selected," stated Mark Romoff, President and CEO of CCPPP. Additional information about the CCPPP's awards can be found at the following [link](#).

South Fraser Perimeter Road was highlighted for its exemplary level of openness and transparency during the planning phase, as well as being expected to achieve \$34 million in savings for taxpayers, leading to 7,000 long-term jobs in the municipalities of Delta and Surrey. The project reached substantial completion in December 2013 and had a total cost of \$1.26 billion.
