## **Star America Team Selected as Apparent Successful Proposer on Portsmouth Bypass Project**

*New York, September 24, 2014* – Star America is pleased to announce that the Ohio Department of Transportation (“ODOT”) has selected Star America’s team, the Portsmouth Gateway Group, as the Apparent Successful Proposer on the Portsmouth Bypass Project.

The Portsmouth Bypass is a four-lane, divided, limited-access highway around the City of Portsmouth in Scioto County, Ohio. The project will be the largest construction project in Ohio’s history and ODOT’s first Public-Private-Partnership.

Star America CEO, William A. Marino, stated: “Portsmouth Bypass is an exciting opportunity to partner with ODOT. We look forward to successfully developing this project alongside our codevelopers, ACS Infrastructure Development and InfraRed and Design-Build Team, Dragados USA, Beaver Excavating Company, the John R. Jurgensen Company and ms consultants.”

Formal announcement is expected over the coming weeks and Financial Close is expected in early 2015.
